Alicante, 18 de junio de 2025

COMUNICACIÓN – OTRA INFORMACIÓN RELEVANTE - FACEPHI BIOMETRIA, S.A.

Muy Sres. Nuestros,

En virtud de lo previsto en el artículo 17 del Reglamento (UE) nº 596/2014 sobre abuso de mercado y en el artículo 227 de la Ley 6/2023, de 17 de marzo, de los Mercados de Valores y de los Servicios de Inversión, y disposiciones concordantes, así como en la Circular 3/2020 de BME Growth de BME MTF Equity, ponemos en su conocimiento la siguiente información relativa a la sociedad FACEPHI BIOMETRIA, S.A. (en adelante “Facephi” o “la Sociedad” indistintamente).

Con motivo de la celebración del **Investor Day** para presentar su evolución organizativa y estratégica, desde una etapa de expansión temprana (“**Scale-Up**”) a un modelo de crecimiento sostenible (“**Growth**”) en *Eurostars Madrid Tower Hotel*, en Madrid, se adjunta la presentación corporativa que se utilizará para el conocimiento del mercado.

De conformidad con lo dispuesto en la Circular 3/2020, se indica que la información comunicada en el presente documento ha sido elaborada bajo la exclusiva responsabilidad de la Sociedad y sus Consejeros.

Quedamos a su disposición para cuantas aclaraciones consideren oportunas.

Atentamente,

Javier Mira Miró

Presidente del Consejo de Administración

New Products for Digital ID & Fraud Protection – 2025

Behavioural
Biometrics

Continuously evaluates risk in all user interactions

Creation of a unique user behavioural profile.

Collects and analyses **over 3,000 signals**.

Machine learning technology with the
adaptability to new scenarios and threats.

**Some of the signals analysed to create
a user behavioural profile**

Time, date, journeys, typing biometrics, mouse biometrics,
mobile biometrics...

New Products for Digital ID & Fraud Protection – 2025

Advanced detection & proactive prevention

- **Real-time Mule Account Identification** through AI and data analysis.
- **Automated account classification** based on risk and behavior.
- **Detection of pre-fraud signals** from the moment the account is opened.
- **Intelligence orchestration** to securely share information between institutions.

IDV Suite

Comprehensive **identity management** and anti-fraud protection

More efficient, more scalable
& more secure

- ✓✓ 100% modular & customisable
- ✓✓ No-code integration
- ✓✓ Access to data in real time

IDV Suite is a unified management and development environment that integrates the best fraud prevention, verification and identity management technology.

Partners focus during 2025

Enhance the scalability of our business by pursuing agreements with partners that operate at Regional and Global Scale that fit the profile as per Strategy:

Types of partners

- **System Integrators (SI)**

Incorporate Facephi solutions into their own offerings.

- **Value Added Resellers (VAR)**

Resell under their own brand name or under Facephi name our solutions to end customers, either as standalone offerings or as part of broader solutions.

Geographical expansion focus:

- **Asia:** Philippines, Indonesia, Thailand, Malaysia, Vietnam
- **Middle East:** Saudi Arabia, UAE.
- **Europe:** France, Germany, UK, Spain
- **LATAM:** Focus on Partners that operate different vertical than Financial Services. Brazil in all verticals continues as focus.
- **NORAM:** USA and Canada.
- **Global Partners** operating worldwide in the following Verticals: Core Banking, Integrators, Digital Signature, Gaming and Gambling, Digital ID, Airlines and Airports,

**Technology & innovation
to drive growth**

AI vs AI

There has been an increase of over 2000% in deepfake fraud attempts over the past three years.

80% of companies do not have a contingency plan for deepfake attacks.

Presentation attacks

- Paper
- Screen
- Mask

Deep Fakes

Injection attacks

- Face swap
- Deep Fake
- ID face swap

The global cost of cybercrime in 2025 is estimated to be 10.5 trillion USD.

Innovation in our **DNA**

Agility and Adaptability are key traits of our identity, allowing us to respond quickly to market demands and seize emerging opportunities.

Towards comprehensive protection and management of Digital Identity

Latest Developments

AI Gen for Automated Document Fraud Detection

Contributes by **reducing** racial, ethnic, gender, age or status biases.

Ensures **regulatory compliance** by enhancing privacy and protecting sensitive information

Examples synthetically generated using generative AI by Facephi's R&D Department.

MISSION

Research and develop Artificial Intelligence tools, in order to create proprietary technologies to improve Digital Identity solutions. Through technological innovation we enable Facephi to remain a leader, maintaining a solid competitive advantage in the sector.

VISIÓN

Leading technological excellence, outperforming the competition with advanced AI models and proprietary technologies recognised in production. We seek independence from third parties, offering more effective and secure solutions to satisfy our customers and set a quality standard in the market.
